INVISIPAC TANK-FREE SYSTEM

Quick Start Up Time

The innovative tank-free melting chamber creates a larger surface area that melts glue quickly and up to set temperature in approximately 10-minutes.

Improved Operator Safety

InvisiPac's tank-free design eliminates costly burn hazards and keeps your employees safe.

Real Time Feedback

Receive alerts when your material usage is out of desired range and performance notifications on your lines, anywhere, anytime and with the ability to leverage data as a powerful business tool to cut additional costs.

Guaranteed Material Savings

InvisiPac maintains melted adhesive at a consistent temperature and viscosity. By avoiding fluctuations, the adhesive dispense remains constant and material savings increase.

Eliminate downtime

Only the needed glue is heated, eliminating burned or charred material that clogs nozzles and leads to unplanned, time consuming tank scraping product maintenance.

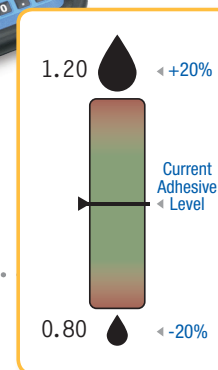

Parts last longer

Less plastic and built to last.
10+ years pump lifetime,
5+ years hose lifetime,
500 million+ gun life cycle.
